Cocaine and a pistol seized in drug bust

Tammy Jackson
Staff Reporter

Detectives with the Palm Beach County Sheriff's Department seized nearly \$40,000 worth of cocaine Wednesday in Covenant Village.

According to reports, a resident of the housing complex notified the Belle Glade Police Department and stated apartment 616-H was being used as a cook house for crack cocaine. The citizen later made contact with the Glades Multi-Agency Narcotic Task Force and stated one of the male subjects was leaving in a late-model brown Toyota. The citizen said he was in possession of cocaine.

The subject, Renel Dorvil, was stopped. He was in possession of 19 ounces of crack cocaine and powdered cocaine.

A search warrant was obtained for the residence and 18 ounces of crack cocaine was seized. Gerta Alcin, who was at the residence, was arrested.

Officers also found a 380 automatic pistol and various items used to convert the cocaine to crack form.

County Sanitation working to eliminate complaints

Tammy Jackson
Staff Reporter

After residents have made numerous complaints to Pahokee City Commissioners, the mayor of Pahokee and to Pahokee's city manager about garbage collections problems within the city, County Sanitation is working with the citizens to correct the mishaps and control the amount of debris on the city streets.

John Archambo, a representative from County Sanitation, appeared before the Pahokee City Commission Tuesday in an effort to explain to the commission what his company was doing to eliminate much of the waste that has been seen along the streets, in alleys, etc.

He said the main problem he has seen is that the trash and debris has not been placed in the 95-gallon containers that have been provided.

The city hall had also received complaints that several of the lids on the containers had been broken. Mr. Archambo said the trucks are being adjusted so that the lids can not be broken when they are picked up for garbage disposal. The representative also said, "We are working with the city manager to eliminate the problem."

County Sanitation also hopes to be able to educate the residents and businesses on proper garbage disposal. Mr. Archambo said, "This will also help control the amount of debris that is seen in the city." Sanitation workers have been instructed to document addresses of customers that do not place garbage in the containers. Commissioners were also asked to document the complaints that they receive and present them to the sanitation supervisor. Notifications will be sent in hopes that the problem will be remedied.

Comm. Keith W. Bab, Jr. said, "Because of the new procedures, the complaints are certainly continuing to decline." However, he said he was concerned with the sanitation workers placing the cans too close to the roadside. Mr. Archambo said the workers are required to place the cans where they originally were. He said he would address the complaint to the workers.

"I'm somewhat disappointed this problem had to come to this," said Commissioner John Norman. The commissioner told Mr. Archambo he felt someone within the organization should have been capable of solving the problem before the he (Mr. Archambo) had to be called in to a city commission meeting.

Comm. Norman also said he was confused about the logic of why the disposal trucks and dumpsters have long distance telephone numbers on them. He said when a customer has a complaint, they need a local number to contact to make complaints. Mr. Archambo said an 800 line had recently been installed.

Mayor Ramon Horta told Mr. Archambo he was pleased with the sanitation department since they made the adjustments. "Things are looking a whole lot better in the city," he said.

Mr. Archambo commended the City of Pahokee for their recycling efforts. He said the city had the best commercial recycling business in the area. He said the different businesses were doing good jobs at separating the different recyclable items.

By Brenda Bunting

Belle Glade Police caught two men who entered the home of Vivian and Lee Warren Scott with a gun and robbed them.

Mrs. Scott and her infant child were the only ones home Jan. 14, at 8:38 p.m. when two men broke into their home at 216 S.W. Sixth Street, Belle Glade.

They demanded entry into a

safe that held \$4,000 worth of jewelry.

Patrolman Martin Segura and Agent C.D. Whitlock responded to the call.

Their investigation led to the arrest of Andrew Harold, 30, of 553 S.W. Seventh Street, on Jan. 17, and Taurus David Woodson, 18, of 608-G Covenant Village, Belle Glade on Jan. 19.

Both men have been charged

with armed robbery, home invasion, grand theft and aggravated assault with a firearm.

Both were taken to the Palm Beach County Jail under no bond.

Woodson also had active felony warrants for his arrest for charges of burglary of an occupied dwelling, domestic battery, child abuse and burglary with assault.

Talking oranges, not apples... J. Nelson Fairbanks, president of U.S. Sugar (L) and Senator Connie Mack discuss U.S. Sugar's new orange juice processing plant at the grand opening last week.

Orange juice processing facility begins operation

Florida's first new orange juice processing plant in nearly two decades opened officially last week in Clewiston.

The new 147,160-square-foot plant is the home of Southern Gardens Citrus Processing Corporation, a United States Sugar Corporation employee and charity-owned company.

Combining computer technology and advanced processing methods and equipment with sophisticated environmental systems, the Southern Gardens Citrus Processing plant was conceived and built to be among the most efficient and environmentally friendly citrus processing facilities in the country, says J. Nelson Fairbanks, president of U.S. Sugar.

"This is a plant designed for the economic and environmental realities of the 21st-century," he said. "The plant is environmentally state of the art. And it is an important investment that will create more jobs and economic diversity for our area of Florida," he said.

"Making an investment and incurring debt of this magnitude during times of serious threats to farming signifies our firm commitment to the farming communities of South Florida, and our conviction that farming and a healthy environment can co-exist," said Mr. Fairbanks.

The opening marks the completion of the plant's first phase with an initial capacity to process 45,000 boxes, or approximately 86 trailer loads, of oranges each day. This yields See Citrus processing, page 2

Insurance coverage available for HIV Positive individuals in the Glades

The state of Florida has announced the availability of dollars to fund private insurance premiums for people who are HIV positive and symptomatic or have AIDS.

The new program, known as AICP, the AIDS insurance Continuation Program, is funded through Ryan White Title II funds. In addition to having a diagnosis of AIDS or being HIV symptomatic, participants in AICP must also meet all the following criteria:

- have suffered the loss of their principle employment;
- have health insurance under a group, individual or COBRA policy;
- have an income equal to or less than \$1,162 per month or

\$1,572 for a family of two;

- have cash assets equal to or less than \$4,500, \$5,500 if married, and,

- be willing to sign a Release of Information Statement, a Physician's Statement of Diagnosis and Employment and the Applicant's Data Collection form.

The maximum assistance available is \$500 per month per participant.

CAP, the Comprehensive AIDS Program of Palm Beach County, is administering this program through its offices in Belle Glade, West Palm Beach, and Delray Beach. CAP, which provides over 1,200 AIDS and HIV individuals with services including case management

and financial counseling, was selected to process AICP applications in this area of the state.

Shauna Dunn, executive director of CAP stated "the provision of these funds is most certainly a step in the right direction for the care of people who are HIV positive."

It will enable those who are unable to work to maintain the choices for care they have been accustomed to and provide less of a burden on the taxpayer funded public sector AIDS medical services."

For more information about this and other services for HIV positive individuals in Palm Beach County, call CAP in Belle Glade at 996-7059.

Palm Beach Community College's 1994 Teachers of Excellence, are (L-R) Eissey Campus senior instructor of communications Diana Kilpatrick, South Campus senior instructor of communications Joanne Connolly, Central Campus senior instructor of communications/speech Kathleen Asher and Glades Campus professor of science John Phillips.

of oranges each day. This yields about 40,856 gallons of orange juice concentrate or 278,730 gallons of single strength (not-from-concentrate) juice. These juice products are sold to be packaged for retail sale under familiar brand, private label and food service names.

In addition, the plant produces a variety of orange by-products that are used in the food, fragrance, electronics, and agricultural industries.

The first phase, along with the plans for future expansions and an electrical substation, cost slightly in excess of \$40

million.

A second phase, planned for completion within the near future, would double the facility's capacity. Ultimately, upon completion of a third planned expansion, Southern Gardens Citrus Processing will be capable of processing more than 20 million boxes of oranges into 120 million gallons of juice each year. More than 500 workers were involved in the construction of the first phase plant during the past 16 months. And now that it is operating, the plant is providing jobs for approximately 120 full-time workers.

Providing absolute protection for the surrounding environment is a top priority for the plant's operation, says Mr. Fairbanks.

To assure this, its environmental systems exceed current water quality requirements, and will meet those anticipated for many years to come.

For instance, all orange waste and plant water is used and reused and is contained on-site until treated. More than \$2.5 million was invested in the pretreatment and treatment of the small percentage of waste water that is not reused.

The continued and increased participation of these, to date, unrecognized individuals will be required as greater demands are put upon our society for relief within the social welfare programs."

Mrs. Powers is looking for individuals willing to contribute a few hours per week to help with various duties in and around the medical center as well as to assist with community projects. For further information call her at 996-1600.

Author tells garden club members how to "Live To Be 100 Plus"

Brenda Bunting
Editor

Many people would like the secret to living longer, but only if the quality of their life remained good.

Author Anita R. Finley told members of the Belle Glade Garden Club last week that they too could live a long, quality life, if they keep moving and set goals.

"A high quality of life is important," she said. "And if you stay enthused, and have goals in your life, you can live longer."

Mrs. Finley and her husband co-wrote "Live To Be 100 Plus", a motivational and upbeat guide to a healthier lifestyle in the senior years.

Mrs. Finley, who is a youthful looking 56, and her husband, Bill, 70, practice what they preach.

She is in marketing, conducts sensitivity training and gives seminars and lectures. In addition, she writes a weekly column for the Palm Beach Post and hosts a weekly radio show and serves as an advocate for elders' interests through her STARS programs (Seniors Taking Active Roles in Society).

Mr. Finley, who was a World War II Bomber Pilot, is currently in the Homestead area, helping rebuild homes destroyed by Hurricane Andrew.

He's a dynamo," said Mrs. Finley. "I can't keep up with

him."

Mrs. Finley recommends daily exercise, eating properly, and keeping excess weight under control as a few of the

ways to combat aging.

"If you have grudges, release them. It's so freeing. Then you can get back to living," she said.

Anita R. Finley has a master's degree in gerontology. She recently spoke to the members of the Belle Glade Garden Club about how to live to be 110 plus.

Garbage cans

When it's sunny and bright, if you'd like to see a sight, go toward Pahokee on a ride and see the garbage cans on the roadside. Bye.

Help catch those vandalizing Lyons Park

Another "What's this world coming to" story. A group, or individual, are vandalizing the lighting system of our city's Lyons Park tennis courts.

Recently, locks have been broken off the timer and fuse boxes. The results have been many stolen fuses, lights coming on in the middle of the night, or not at all.

In addition, eggs and bashed bottles can be found on the surfaces and carved or painted graffiti advertising the sick vandals themselves.

If you have civic pride and care about our city's parks, do whatever you can, particularly as an eyewitness, to report these people with needlessly destructive behavior.

Please don't blame the city management for defaced or inoperative courts or parks. Only depravity and pure meanness is at fault.

People who behave in such a fashion must have no self-esteem and admit their total failures as being civilized.

Schools

This **Speak Out** is addressed to the parents and guardians of the public school district high school.

Mr. Chuck Shaw, area superintendent, has proposed an A, B, C, program, or grading system. His stated goal is to eliminate the option of failure. The plan is to encourage every student to make an A, B, or C, or the teacher (1) will provide all work missing, (2) will identify work needed and (3) will provide assistance for students whose failure was related to master levels.

Reading the memo in its entirety is amusing, because teachers have been doing such for years. Teachers are tired of the teacher's will, how about the student's will? Being to class on time, do homework and show some respect. Mr.

Shaw?

Take a poll

In reference to "Put Christ back in Christmas" I tell you what, let's have a vote on it and let the citizens of Belle Glade decide if they want the word Christmas or X-Mas.

Thank you for giving me a chance to **Speak Out**.

Illegal registration

Thank you for the opportunity of using the system of **Speak Out** to express my concern.

It seems to me that the voter registration system in Belle Glade needs to be reevaluated.

There are people who are not citizens of the United States who are registering to vote. One person has contacted me and told me that they were not a citizen but they had registered to vote. They said they told the person during registration they were not a citizen.

It seems hard to believe that, but that is what I was told.

If that is the case where a person can just go and register to vote without being questioned and without proof being shown they are a citizen, something is wrong.

If this is happening because of these little places that register people to vote, then they shouldn't be registering people. They should have to go to the county courthouse and register there and eliminate all the little agencies that are registering people.

Only a person who is a citizen should be allowed to vote. I believe also, from what I have read, if a person claims to be a U.S. citizen and they are not, could be fined up to \$5,000 and also could be put in prison for five years, and also deported.

Editor's note: We spoke with Supervisor of Elections Jackie Winchester. She would like this caller to contact her with the name of the person who registered and is not a U.S. citizen. While it is not required to show proof of citizenship when registering to vote, a potential voter takes a vow that they are a citizen. Lying to obtain a voter's registration card is a third degree felony.

Letters to the editor

Dear Editor:

I am a new subscriber to your newspaper, *The Sun*. The first edition arrived yesterday, Jan. 20. The issue was the Dec. 23, 1993.

I enjoyed the whole presentation. Especially the write-up on Lois Carkey. You see, I celebrated my 80th birthday on Jan. 18, 1994.

Miss Lois, like me, never stopped working. She, like me, is very close to the Earth. When I lived in Homestead I grew all my vegetables. I had fruit trees too - enough for all my neighbors.

I left Homestead in June 1982 after a traumatic experience with three Pitt Bulls, so I did not experience Andrew.

I've lived in Hawaii since June 10, 1982, and now I'm ready to come home. It will be late spring or early summer before I hope to return to South Florida.

In the meantime, I am looking forward to reading all about Pahokee and Belle Glade.

I would like your weather reports and temperatures.

May the Lord bless you all.

Miss Alice Kimmerle

Dear Editor:

We the Lady Gator Basketball Team of Glades Day School, feel *The Sun* should give as much coverage to basketball as football received.

It is unfair that football and volleyball received a whole section dedicated to the teams while basketball has no coverage at all. This does not just include girls' basketball but also boys' basketball.

Glades Day School isn't the only school not being covered. Christian Day School, Glades Central, and Pahokee deserve coverage, too.

We think *The Sun* should reconsider their decision not to cover basketball.

Sincerely,
Jaci Davis, Cathy Sears, Carmen Ruiz
Captains for the Lady Gators Basketball Team

Editor's response: Ah...you're right. We have neglected basketball. But, as you've pointed out, we're fairly neglected everyone! I'll tell you what we'll do, since there are four, high schools, with a varsity and junior varsity team, we will rotate between the schools, covering two one week and two the next. How's that sound? At this time, I can't promise more than that, unless the schools would like to help us by contributing pictures.

Dear Editor:

The Florida Division, Sons of Confederate Veterans (SCV) are interested in forming a local camp in the Belle Glade, Pahokee, Palm Beach County area in the near future.

The SCV was founded by the United Confederate Veterans (UCV) in 1896 to carry on the good works of patriotism, southern history and heritage. Today, almost 100 years later, the SCV is strong and firm with over 18,000 members worldwide in over 400 camps in the U.S. and one in Europe.

The SCV is an association of gentlemen whose ancestor (s) served in the military forces of the Confederacy, either lineal or collateral. Associate membership is open to those gentlemen interested in southern history who are unable to secure a past family service member in the Confederacy. Age minimum is 12 years. A minimum of seven are required to form a local camp. The SCV is not associated with nor a part of any group or organization. We are non-profit, non-political and non-sectarian.

For membership information, please call or write Florida Division Recruitment, 193 Clover Ridge Court, Edgewater, FL 32141-5826 or (904) 433-0949. Thank you.

The Florida Division currently has 29 active camps, with our camp in West Palm Beach near to Belle Glade and Pahokee.

much more duplicitous. We declare formally that such "malicious wounding" is illegal unless of course you were "temporarily insane" at the time of the act.

I must remind readers that "temporary insanity" is not an indubitable scientific fact or observation.

"Temporary insanity" can not be proven to exist through hormone, EEG levels, or any other physiological criteria - it is declared solely as the opinions of so-called "experts."

Usually the formal opinion they are attempting to render involves deciding whether or not they believe the defendant knew what she was doing at the time she was doing it, and whether or not she could discern right from wrong.

Although I obviously have not personally examined Ms. Bobbit; it seems to me quite plausible that her act was one of impulse, anger, and retribution - all motivations which describe the sane actions of ordinary people.

Retribution is not a noble impulse; but it could hardly be called insane. I believe my theory is lent credence by the reactions of thousands of women

around the nation who have cheered and supported Lorena's behavior. They can identify with her. They feel they understand her. Many have wanted to do exactly what she did!

The Justice System did not acknowledge Lorena's behavior was understandable (sane) to many women and men. By allowing the verdict of "not guilty by reason of temporary insanity" to pass, an additional wrong was committed. Formally, we declared husband penis chopping to be an illegal act. Informally, we accepted, and in some cases, even cheered it. Americans were sent a misleading message. Garbage cans

When it's sunny and bright, if you'd like to see a sight, go toward Pahokee on a ride and see the garbage cans on the roadside. Bye.

Help catch those vandalizing Lyons Park

Another "What's this world coming to" story. A group, or individual, are vandalizing the lighting system of our city's Lyons Park tennis courts.

Recently, locks have been broken off the timer and fuse boxes. The results have been many stolen fuses, lights coming on in the middle of the night, or not at all.

In addition, eggs and bashed bottles often can be found on the surfaces and carved or painted graffiti advertising the sick vandals themselves.

If you have civic pride and care about our city's parks, do whatever you can, particularly as an eyewitness, to report these people with needlessly destructive behavior.

Please don't blame the city management for defaced or inoperative courts or parks. Only depravity and pure meanness is at fault.

People who behave in such a fashion must have no self-esteem and admit their total failures as being civilized.

Schools

This **Speak Out** is addressed to the parents and guardians of the public school district high school.

Mr. Chuck Shaw, area superintendent, has proposed an A, B, C, I program, or grading system. His stated goal is to eliminate the option of failure. The plan is to encourage every student to make an A, B, or C, or the teacher (1) will provide all work missing, (2) will identify work needed and (3) will provide assistance for students whose failure was related to master levels.

Reading the memo in its entirety is amusing, because teachers have been doing such for years. Teachers are tired of the teacher's will, how about the student's will? Being in class on time, do homework and show some respect. Mr.

Shaw?

Take a poll

In reference to "Put Christ back in Christmas" I tell you what, let's have a vote on it and let the citizens of Belle Glade decide if they want the word Christmas or X-Mas.

Thank you for giving me a chance to **Speak Out**.

Illegal registration

Thank you for the opportunity of using the system of **Speak Out** to express my concern. It seems to me that the voter registration system in Belle Glade needs to be reevaluated.

There are people who are not citizens of the United States who are registering to vote. One person has contacted me and told me that they were not a citizen but they had registered to vote. They said they told the person during registration they were not a citizen.

It seems hard to believe that, but that is what I was told.

If that is the case where a person can just go and register to vote without being questioned and without proof being shown they are a citizen, something is wrong.

If this is happening because of these little places that register people to vote, then they shouldn't be registering people. They should have to go to the county courthouse and register there and eliminate all the little agencies that are registering people.

Only a person who is a citizen should be allowed to vote. I believe also, from what I have read, if a person claims to be a U.S. citizen and they are not, could be fined up to \$5,000 and also could be put in prison for five years, and also deported.

Editor's note: We spoke with Supervisor of Elections Jackie Winchester. She would like this caller to contact her with the name of the person who registered and is not a U.S. citizen. While it is not required to show proof of citizenship when registering to vote, a potential voter takes a vow that they are a citizen. Lying to obtain a voter's registration card is a third degree felony.

Letters to the editor

Dear Editor:

I am a new subscriber to your newspaper, *The Sun*. The first edition arrived yesterday, Jan. 20. The issue was the Dec. 23, 1993.

I enjoyed the whole presentation. Especially the write-up on Lois Carkey. You see, I celebrated my 80th birthday on Jan. 18, 1994.

Miss Lois, like me, never stopped working. She, like me, is very close to the Earth. When I lived in Homestead I grew all my vegetables. I had fruit trees too - enough for all my neighbors.

I left Homestead in June 1982 after a traumatic experience with three Pitt Bulls, so I did not experience Andrew.

I've lived in Hawaii since June 10, 1982, and now I'm ready to come home. It will be late spring or early summer before I hope to return to South Florida.

In the meantime, I am looking forward to reading all about Pahokee and Belle Glade.

I would like your weather reports and temperatures.

May the Lord bless you all.

Miss Alice Kimmeler

Dear Editor:

We, the Lady Gator Basketball Team of Glades Day School, feel *The Sun* should give as much coverage to basketball as football received.

It is unfair that football and volleyball received a whole section dedicated to the teams while basketball has no coverage at all. This does not just include girls' basketball but also boys' basketball.

Glades Day School isn't the only school not being covered. Christian Day School, Glades Central, and Pahokee deserve coverage, too.

We think *The Sun* should reconsider their decision not to cover basketball.

Sincerely,

Jaci Davis, Cathy Sears, Carmen Ruiz
Captains for the Lady Gators Basketball Team

Editor's response: Ah...you're right. We have neglected basketball. But, as you've pointed out, we're fairly neglected everyone!

I'll tell you what we'll do, since there are four high schools, with a varsity and junior varsity team, we will rotate between the schools, covering two one week and two the next. How's that sound? At this time, I can't promise more than that, unless the schools would like to help us by contributing pictures.

Dear Editor:

The Florida Division, Sons of Confederate Veterans (SCV) are interested in forming a local camp in the Belle Glade, Pahokee, Palm Beach County area in the near future.

The SCV was founded by the United Confederate Veterans (UCV) in 1896 to carry on the good works of patriotism, southern history and heritage. Today, almost 100 years later, the SCV is strong and firm with over 18,000 members worldwide in over 400 camps in the U.S. and one in Europe.

The SCV is an association of gentlemen whose ancestor (s) served in the military forces of the Confederacy, either lineal or collateral. Associate membership is open to those gentlemen interested in southern history who are unable to secure a past family service member in the Confederacy. Age minimum is 12 years. A minimum of seven are required to form a local camp. The SCV is not associated with nor a part of any group or organization. We are non-profit, non-political and non-sectarian.

For membership information, please call or write Florida Division Recruitment, 193 Clear Ridge Court, Edgewater, FL 32141-5826 or (904) 423-0949. Thank you.

The Florida Division currently has 29 active camps, with our camp in West Palm Beach near to Belle Glade and Pahokee.

Sincerely,

A. Robert Kuykendall, Jr.
Commander

much more duplicitous. We declare formally that such "malicious wounding" is illegal unless of course you were "temporarily insane" at the time of the act.

I must remind readers that "temporary insanity" is not an indubitable scientific fact or observation.

"Temporary insanity" can not be proven to exist through hormone, EEG levels, or any other physiological criteria - it is declared solely as the opinions of so-called "experts."

Usually the formal opinion they are attempting to render involves deciding whether or not they believe the defendant knew what she was doing at the time she was doing it, and whether or not she could discern right from wrong.

Although I obviously have not personally examined Ms. Bobbit, it seems to me quite plausible that her act was one of impulse, anger, and retribution - all motivations which describe the sane actions of ordinary people.

Retribution is not a noble impulse; but it could hardly be called insane. I believe my theory is lent credence by the reactions of thousands of women

around the nation who have cheered and supported Lorena's behavior. They can identify with her. They feel they understand her. Many have wanted to do exactly what she did!

The Justice System did not acknowledge Lorena's behavior was understandable (sane) to many women and men. By allowing the verdict of "not guilty by reason of temporary insanity" to pass, an additional wrong was committed. Formally, we declared husband penis chopping to be an illegal act. News from the Dolly Hand Cultural Arts Center and Palm Beach Community College

By Maria Wise Miller

The story of one of country music's superstars and her music will be presented on stage at the Dolly Hand Cultural Arts Center with "Always...Patsy Cline." This musical has received rave reviews wherever it has played while on national tour. The performance is at 8 p.m.

on Saturday, Jan. 29, and a complementary reception with refreshments will be served prior to the performance from 7 to 7:45 p.m.

Tickets are still available at the Dolly Hand Cultural Arts Center box office on the Palm Beach Community College campus on State Rd. 715 in Belle Glade, or by calling 992-6160.

Another important program of the Dolly Hand Cultural Arts Center is Theatre for Schools. Throughout the year, a variety of cultural arts programs are presented for children from throughout the western communities and neighboring counties.

Thousands of children from area schools have experienced the magic of the theatre,

opera, dance, music, visual and performing arts. Programs have included The Palm Beach Opera, PAOT of the Ruth Eckerd Hall with theater for children; The Chinese Golden Dragon Acrobats, and most recently the American Indian Dance Theatre.

From classical to contemporary themes, our children have the opportunity to participate in a complete theatre-going experience including etiquette enhancing their education.

Bravo to all the teachers principals and parents who make the time in their busy schedules to include the arts in education. If you would like more information on the Dolly Hand Cultural Arts Center's Theatre for Schools Program, call 992-6160.

Always Patsy Cline...Kay Crowe stars in the title role of Patsy Cline which she has performed all over the United States, including the Grand Ole Opry in Nashville. This was not her first appearance at the Grand Ole Opry: Ms. Crowe can also be seen throughout the Southeast with her own musical group, "Session". Catch her at the Dolly Hand Cultural Arts Center in Belle Glade.

Game Commission finds lost boys

A team of wildlife officers from the Florida Game and Fresh Water Fish Commission used a tracking dog to find three Ft. Lauderdale teenagers who had lost their way in the Big Cypress National Preserve hunting for snakes.

The three boys, whose ages ranged from 13 to 16, were found in an abandoned camp in eastern Collier County at 4 a.m., Tuesday, Jan. 18, according to Captain Mark Warren. The boys had left the site around 2 p.m. that day, and had failed to return.

Wildlife Officers Keith Pate, Lenny Barshinger, Don Crabtree, and Luis Delgado fol-

lowed the trail aboard a swamp buggy. Delgado dismounted with his tracking dog, Bounty, whenever the trail became difficult to follow. Warren said the tracking dog played a key role in the search.

The officers found the teenagers at 4 a.m. Tuesday morning. They boys were located about a quarter-mile north of 1-75 (Alligator Alley) in eastern Collier County. Capt. Warren said they were hungry and wet.

"The boys were lucky it wasn't colder than it was that night," Warren said. "We've had cases in the past where lost or stranded people have

died from hypothermia and exposure. The Everglades is a tough environment, and you have to respect that."

Church plans Pancake Supper

Plans are under way for the annual Community Pancake Supper at Holy Nativity Episcopal Church in Pahokee.

The supper will be held Tuesday, Feb. 15, in the parish hall of the church. The menu features "all the pancakes you can eat," sausages, home-cooked apples, and tea or coffee. Serving times will be from 5:30 to 8 p.m. in the evening.

At the conclusion of the supper, there will be a drawing for a "mystery" gift. Those with tickets purchased in advance of the supper will be eligible for the drawing.

Tickets may be obtained by calling 924-7469 or 924-2258 and making a donation of \$4. Children under 6 do not need tickets. The public is invited to attend.

According to Mr. Wilson, PFP does many fundraisers for different organizations.

The agency will host a Big Break Contest March 4-5. Many representatives from major record labels will be in attendance.

Winners will receive \$2,000 cash, or a trip to Atlanta, Ga. to perform in the \$1 million music conference.

Winners can also receive a trip to Disney World and a cruise to the Bahamas.

Those persons wishing to enter the Big Break Contest can pick up applications at the PFP office, State Road 715.

Tip To Help You

Warm And Satisfying, Lower In Fat

(NAPS)—Yes, you can keep that New Year's resolution to lose weight without sacrificing those warm and satisfying meals you most enjoy.

For instance, you can prepare a marvelous, rich pasta dish with cream sauce and then treat yourself to a tasty bread pudding for dessert—and still smile when you step on the scale.

Such dishes don't have to be heavy or high in fat when they're made with Carnation Evaporated Skimmed or Lowfat Evaporated Milk, experts say.

Creamy Pasta Primavera is an easy, yet satisfying lower calorie entrée that is a twist on traditional Pasta Primavera. The evaporated skimmed milk makes it creamy and the chicken makes it more of a meal than a side dish. Total preparation and cooking time: just 30 minutes.

Pecan Bread Pudding is a dessert to warm up to on a cold evening. Made with skimmed evaporated milk, it's lower in fat and calories. It's quick and easy to make, and ready in under an hour.

MEXICAN DELIGHT

South-Of-The-Border Sensation

These delicious Quesadillas are easy to make with a quick-melting, versatile cheese spread.

(NAPS)—You don't have to travel far for a south-of-the-border-style taste treat that's wonderful, fully quick and easy to make. The ingredients for this delicious Quesadillas recipe can all be found at local grocers and supermarkets.

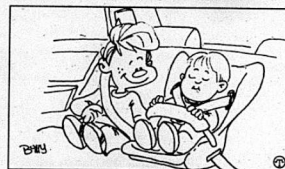

Key to the terrific taste is new Jiffy Jack® Monterey Jack Pasteurized Process Cheese Spread from Mid-America Farms. This quick-melting, versatile cheese spread is perfect for all kinds of cooked Mexican dishes as well as many other recipes. It combines the authentic taste of popular Monterey Jack with the smooth texture and heat-sensitive characteristics of Mid-America Farms Brand Process Cheese. It's microwaveable, too.

Here's a recipe that

may make your family shout "Ole!"

Jiffy Jack® Quesadillas
 1 can (7 ounces) green chilies
 1 pound Jiffy Jack 12 hour or corn tortillas
 1/2 cup vegetable oil (optional)

Place a portion of green chilies and a thick slice (2-X 2-X 1/2-inch) of Jiffy Jack in the center of a tortilla. Fold tortilla over, pin shut with a wooden tooth pick. Fry in shallow vegetable oil until crisp and Jiffy Jack has melted, turning occasionally. Drain on paper towels. (Or heat and soften tortilla on each side on a medium-hot, ungreased griddle or frying pan, until Jiffy Jack has melted.) Makes 12 Quesadillas.

Always make sure youngsters are properly buckled up in child safety seats or, when those are outgrown, in child belts.

Safety, Styling—High On Buyer's List

FAT-FREE COOKING
Making Seafood At Home Is A Snap

(NAPS)—ON THE ROAD TO SAFETY—Though car buyers may list styling as their number-one reason for buying a personal luxury coupe, safety is usually high on their list as well. Described as a distinctly American car of beautiful forms and muscular grace, this 1993 Buick Riviera, for example, has a complete range of safety features. The rigid body structure, which contributes to the solid feel and predictable handling of the car, also forms a strong safety cage around the occupants. Both the driver and front passengers are protected by standard air bags as well as three-point safety belts. Anti-lock four-wheel disc brakes are standard on all Rivieras as is the PASS-Key theft-deterrent system, which permits the car to be started only if the proper key is used. Perhaps most important, the engine, suspension, steering and brakes of the Riviera have all been designed to give the driver a sense of confidence and control during everyday driving, and to respond predictably in emergency maneuvers.

Seafood Stir-Fry can be fat-free and hassle-free.

NOAH breaks ground for new development center

Tammy Jackson Staff Reporter

NOAH (Neighbors Organized for Adequate Housing, Inc.) held a groundbreaking ceremony Monday, Jan. 24, for their newest facility which will be built in South Bay. The new center being built at South Bay Villas, will be named Farrar Family Development Center. NOAH, a non-profit corporation, was established in November 1984.

Attending the groundbreaking ceremony was South Bay Mayor Clarence Anthony; South Bay Commissioner Milranda Smith; South Bay City Manager Lester Baird; Commissioner Ken Foster; the NOAH Board of Directors; and many other notables that have served a special purpose in making NOAH what it is today.

Melvy Lockett sang "Greatest Love of All," a rendition that children are our future and we owe them the best of everything.

Commissioner Foster spoke to those attending and congratulated the NOAH board members for all of the work they do in helping children achieve. He also praised the members of the community in being instrumental in helping the City of South Bay to grow.

"South Bay has had several tough times and I feel it is coming back. He said the new family development center will bring economic stability to the city."

"The center is great for the future and it's great for the kids," said the commissioner.

NOAH has created housing and human development programs designed to assist the community in which it serves.

Building Blocks Infant/Family Development Center was added to the NOAH program in 1987. The program's mission is to "improve birth outcomes for children who are born to teenage parents, to prevent subsequent pregnancies among teenage parents, to

increase the number of children who are prepared to enter school at their maximum developmental potential, and to build the capacity of teenage parents and other family members to be effective caregivers."

Building Blocks presently provides parenting and prenatal

education, child health and nutrition information, and child development education.

With the addition of the Farrar Family Development Center, an additional 72 slots will be provided to families and parents who need assistance.

Groundbreaking ceremony . . . County Commissioner Ken Foster (left) and South Bay Mayor Clarence Anthony (right) prepare to put on hand hats for the groundbreaking of the new NOAH facility. The center will be named Farrar Family Development Center.
